How to Book a Parking Space & Desk on uBook

Step-by-step booking guide

2. Choose and book your parking space

Select an available bay, then complete the parking-specific booking details.

1 Select a space

On the car park plan, click an available parking bay. The panel should show Status: Available.

2 Open booking

Choose Book for the selected space. Check the date and start/end time before continuing.

3 Check details

Your organiser, email and organisation may already be populated. Review the required fields.

The screenshot shows the uBook booking form. It includes fields for 'Organisation' (with a dropdown menu showing 'UHD'), 'Service/Department' (with a dropdown menu showing 'Commercial Services'), and a checkbox for 'Receive a calendar invite' which is checked. Below these is an 'Options' section with a 'Car Registration *' field. At the bottom right, there are 'Cancel' and 'Book' buttons.

4 Add your car registration

For a parking booking, enter the vehicle registration in the Car Registration field.

5 Book the space

Select Book at the bottom of the booking form. uBook then returns to the search screen with a confirmation message.

Check the selected parking space, date and times before pressing Book.

3. Search for and book a desk

Use the same search process, but select Desk and choose an available workstation.

Yeomans House - Commercial Services - (YW Bournemouth) Desk

Date: 02/09/2026 All day: ☐ Start: 09:00 End: 18:00 Max Attendees: 1 Floor plan: ☒

01.004-06

Status: Available

Description: REMEMBER - parking spaces, if required, need to be booked via UBook for your visit to Yeomans House.

Meeting Room 4

Stairs

1

Set the search

Choose the location, Resource Type = Desk, required date and start/end times.

3

Choose a desk

Click an available desk on the floor plan. Confirm its status is Available.

2

Show the floor plan

Tick Floor plan and select Submit.

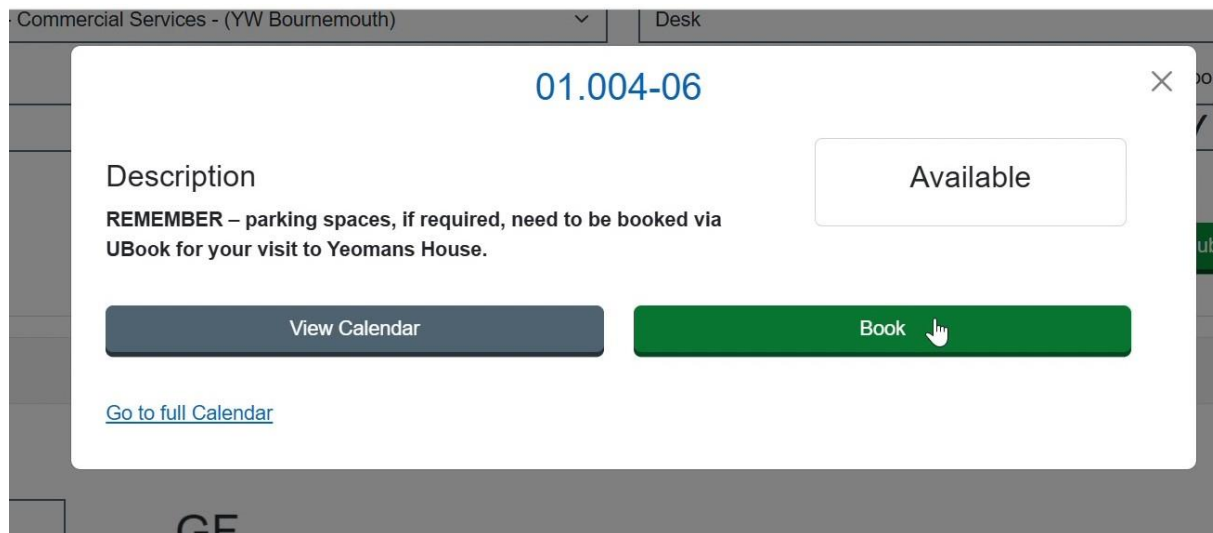

4

Open the booking

Select Book, review the booking details and required fields, then select Book to submit.

4. Confirm your booking

Check the resource is available and look for the success message.

1

Confirm the selected resource

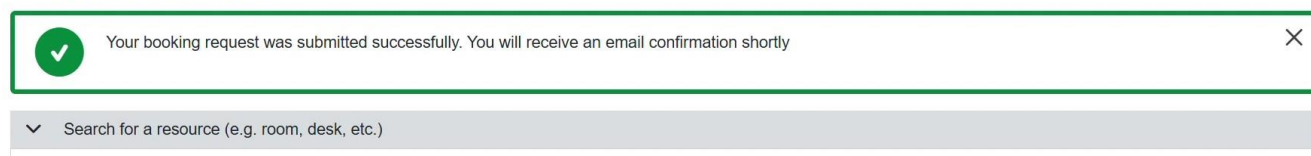

The pop-up shows the desk or parking space name and whether it is available.

2

Select Book

Use Book to open the booking form. View Calendar is optional.

Search Resource

Before you finish

- ✓ Correct location and resource type
- ✓ Correct date and start/end times
- ✓ Correct parking space or desk
- ✓ Car registration entered for parking bookings
- ✓ Green confirmation message appears after submission

✓ **A successful submission is confirmed on screen and uBook advises that an email confirmation will follow.**
